Wayne Lester has over 25 years of experience in the transportation industry. He began working with Jackson Transportation during his teen years when the company was owned by his grandparents. Mr. Lester started as an office worker handling administrative duties for the company, and then progressed into working as a mechanic on the company's fleet of vehicles. Gradually, Mr. Lester's responsibilities within the firm grew and he began working as a dispatcher, and then handling the billing for Jackson Transportation. Since Mr. Lester purchased the company in 2001, he has been steadily growing the business. In 2007, revenues for Jackson Transportation will exceed approximately $650,000.

PRODUCT/SERVICE DESCRIPTION
The services offered by Jackson Transportation include private pay, small package courier, and transport of persons with special needs. The special needs service includes transporting people unable to travel to and from doctors' appointments in the Appalachian region. The service offered by Jackson Transportation is typically door to door and usually involves one client per trip. Services for the public are available from 8:00 AM to 5:30 PM, Monday through Saturday. For corporate accounts, Jackson operates 24 hours per day, seven days per week. Pricing for trips is on a per mile basis. Each loaded mile is $4.75, with $28.00 hour of wait time. If needed, the wait time is broken up into fifteen-minute increment. These rates are based on per mile unit. If additional units are needed, they would charge the same rate per mile. If Jackson Transportation would provide support aid for a student(s) that would be billed at 40.00 an hour of the trip duration to and from any one location to any one location. With the rising cost of fuel and inflation the rate per miles is good for the contract. We asking that in the event that fuel reaches six dollars a gallon or more that Jackson Transportation would implement a fuel surcharge on the total invoice price. Fuel Surcharge would be calculated by AAA fuel average in Ohio.

OPERATIONS
Location
Jackson Transportation is a Limited Liability Company and operated by Mr. Wayne Lester. The company is located at 301 E. Main Street Jackson, Ohio 45640.

Capacity
Currently, Jackson Transportation has the capacity to handle from one to hundred-Seventy trips per day. As demand for additional trips per day increases, Jackson Transportation Group LLC could increase its capacity through the acquisition of additional vehicles and drivers. Jackson Transportation could purchase a larger vehicle to transport more clients all at one time.

Drivers typically have several appointments per day. Nearly 95% of Jackson Transportation's trips involve transporting people to medical appointments or couriering medical documents and supplies. An average trip for Jackson Transportation is 30 to 40 miles in length and takes four to five hours to complete. This time includes any wait time associated with the client's appointment.

Inventory
Jackson Transportation's fleet is comprised of fifteen minivans, And Nine wheelchair Accessible Vehicles. Each of the vehicles is a late model edition. All of Jackson Transportation vehicles are decaled with our company logo on with the unit number and phone number on it. Jackson Transportation vehicles are tracked with satellite tracking software. We know where our vehicles are at all times. Jackson Transportation has recently installed two-way Cameras in our Vehicles. These cameras are not a live footage but more of an event tracker. If a driver would feel that an event is accruing then the driver has a panic button to press for that footage to sent to our office. All footage is kept confidential.

Scheduling
Customers have several methods of contacting Jackson Transportation. Trips can be scheduled through the company's fax number, phone number, and/or email account. The phone is staffed 24 hours a day with a Jackson Transportation employee. The person
answering the phones has a protocol to follow, which is outlined in the company's operations manual.

Clients with emergency situations should call Jackson Transportation so a driver can be dispatched quickly, and in the safest manner. Nearly seven days a week and 24 hours per day, Jackson Transportation has a driver and a vehicle on call. In addition, Jackson Transportation has the flexibility to re-route and re-assign drivers to handle emergency situations.

Trips are categorized by route and appointment time. Trips are scheduled to maximize appointment and travel times. If needed, drivers are provided with maps and directions to both the client's pick-up and drop-off locations. Jackson Transportation has strict policies to prevent lateness. Drivers are required to call the dispatcher once a client has been picked-up, and again when the client is dropped-off at their appointment. On the return segment of the trip, drivers are again required to call the dispatcher once the client had been picked-up and then when they have been dropped-off. These measures ensure that every client and trip is properly completed.

Drivers are required to assist clients in any way to ensure their safety and satisfaction. Each client is given a business card with the driver's cell phone number, so if their appointment runs longer than expected they can call the driver. If a client's appointment runs late, then Jackson Transportation has the flexibility to reassign the trip to another driver or have the same driver return for the client.

Staffing model
Jackson Transportation has over Twenty-Five drivers and 3 back-up drivers. Drivers assist clients by making them safe and secure during the trip. As part of the hiring process, Jackson Transportation subjects each driver to a Pre-Employment drug test and 7-8 Physical administered by Holzer Clinic, Ohio. FBI with fingerprints completes a background criminal investigation, and the Bureau of Motor Vehicles driving record for all potential candidates. Jackson Transportation also checks all web searches for sex offenders and any other criminal activities that may be missed. All drivers must be at least 21 years of age.

Once a driver is hired, Jackson Transportation requires the driver's to successfully complete the following trainings: defensive driving, spill kit use, biohazard removal, passenger assistance, safety, and sensitivity training. A safety meeting is held every three months to ensure that drivers are kept abreast of the newest safety measures and sensitivity trainings. Each driver is also provided with, and must become familiar with, the Jackson Transportation company handbook. As employees, drivers are required to complete an annual drug screening test. Jackson Transportation also reserves the right to have drivers perform random drug tests if suspicious behavior warrants such an action.

Maintenance
Preventive maintenance and "tune-ups" of the vehicles is conducted every 5,000 miles by Jackson Transportation. Each evening the drivers are required to clean and inspect the vehicles to ensure they are in good operational order. Any major vehicle repair is conducted by local dealers in Jackson, Ohio. Maintenance records for the vehicles are kept on file in the Jackson Transportation company office.

Invoices
Terms on invoices are Net 30. Billing is handled by Mr. Lester and invoices are sent on the first week of each month.

Legal Aspects
Jackson Transportation is insured by Grange Insurance located in Columbus, Ohio. Insurance limits include: 1,000,000 combined single limits. We also carry general liability insurance limits are at 1,000,000-. Since Mr. Lester has owned Jackson Transportation, no losses have been reported to the insurance company. All of Jackson Transportation employees are covered by worker's compensation.

This contract is good for one year from August 1, 2022, thru July 31, 2023, when both parties sign the contract in order.

The LEARNING SPECTRUM agrees not to disclose such information to third parties or use such information for any purpose whatsoever other than as reasonably required for the provision of services to CLIENT. The LEARNING SPECTRUM shall not use such information in any manner that is inconsistent with 20 U.S.C. 1232g, 34 C.F.R. Part 99 and Ohio Revised Code Section 3319.321.

8. Criminal Records Check. The LEARNING SPECTRUM shall require any service provider performing any services under this Agreement to obtain a criminal background check pursuant to Ohio Revised Code Section 3319.392. No individual who would be prohibited from employment by a school district pursuant to Ohio Revised Code Section 3319.39 shall provide services to CLIENT under this Agreement.

9. Professional Liability Insurance. The LEARNING SPECTRUM will obtain and maintain in force, or require that its service providers, employees, agents, contractors, subcontractors, or assigns providing services under this Agreement, obtain and maintain in force professional liability insurance in the minimum amount of One Million Dollars ($1,000,000) per occurrence and Two Million Dollars ($2,000,000) in the aggregate. The LEARNING SPECTRUM will name CLIENT as an additional insured on this policy of insurance and shall furnish evidence of such insurance to CLIENT upon request.

The LEARNING SPECTRUM shall further indemnify, defend and hold harmless CLIENT, its members, employees, agents, insurers and assigns from, and pay for, any and all charges, fees and/or taxes, including social security taxes, health care charges/taxes, workers’ compensation taxes, unemployment taxes, STHS/SERS contributions and/or any other governmental charges or taxes required to be paid on behalf of any of the LEARNING SPECTRUM’s service providers, employees, agents, contractors, subcontractors, or assigns. The provisions of this Section shall survive termination of this Agreement.

11. **No Joint Venture.** Nothing contained in this Agreement shall be construed to create a partnership or joint venture between CLIENT and the LEARNING SPECTRUM.

12. **Entire Agreement.** This Agreement constitutes the entire agreement and understanding of the parties with respect to the subject matter hereof and supersedes all prior negotiations, discussions, understandings and agreements between the parties. This Agreement may be amended or modified only in writing and only when executed by the parties.

IN WITNESS WHEREOF, the parties individually or by their authorized representative have entered into this agreement on the _____ day of ________, with the intent to be legally bound.

$8050

LEARNING SPECTRUM will issue invoices monthly. Amounts invoiced shall be due and payable upon receipt and shall be considered past due fourteen (14) business days from the date of the invoice. In particular, outbreaks of aggressive behavior and difficulty of control are issues faced regularly by those providing services to the clients. LEARNING SPECTRUM, its members, employees, and other affiliated service providers, will at no time intentionally inflict corporal punishment and/or engage in violent or turbulent behavior with a member of CLIENT’S school district affected by autism or related disorder, but will use reasonable techniques of control in accord with standard practices for dealing with diagnosis. CLIENT, as a condition of this agreement, releases LEARNING SPECTRUM, its members, employees, and assigns from any liability incurred in the normal process of delivery of consulting services and all customary restraints and behavior modifications that may be necessary for the safety of a member of CLIENT’S school district and/or LEARNING SPECTRUM personnel. This release will not affect any gross and wanton negligence and/or acts where the intent is to harm a member of CLIENT’S school district.

4. Behavior Clause. In order to ensure all groups provide a safe and effective learning environment, THE LEARNING SPECTRUM asks that a child’s behavior be manageable in a group setting. THE LEARNING SPECTRUM reserves the right to discuss with CLIENT the need for an individual aid for any child who is exhibiting behavior that takes away from the learning experience. If an individual aid is required, the CLIENT will be asked to pay an additional fee to cover the cost, or provide their own aid.

5. No-Compete Clause. CLIENT’S agree not to negotiate employment of any kind with LEARNING SPECTRUM staff and or therapist and agrees to forgo all written contracts with payment in full for negotiated services if proved.
6. Independent Contractor. The LEARNING SPECTRUM acknowledges and agrees that it shall, at all times, be acting as an independent contractor and not as an employee, servant, agent, or partner of CLIENT. The LEARNING SPECTRUM further acknowledges and agrees that none of its service providers, employees, agents, contractors, subcontractors, or assigns performing any work or providing any services under this Agreement shall be considered employees of CLIENT with respect to any federal, state or local laws. The LEARNING SPECTRUM shall be responsible for, and shall pay for, any wages, benefits, charges, fees and/or taxes, including social security taxes, health care charges/taxes, workers' compensation taxes, unemployment taxes, STRS/SERS contributions, and/or any other governmental charges or taxes required to be paid on behalf of the LEARNING SPECTRUM's service providers, employees, agents, contractors, subcontractors, or assigns performing any work or providing any services under this Agreement. The provisions of this Section shall survive termination of this Agreement.

7. Student Privacy. The LEARNING SPECTRUM acknowledges and agrees that it and its service providers, employees, agents, contractors, subcontractors, and assigns providing services under this Agreement shall each preserve the privacy of student information and student records accessed in the fulfillment of this Agreement as required by the Family Educational Rights and Privacy Act (20 U.S.C. 1232g, 34 C.F.R. Part 99) and Ohio Revised Code Section 3319.321 and other applicable laws. The LEARNING SPECTRUM agrees not to disclose such information to third parties or use such information for any purpose whatever other than as reasonably required for the provision of services to CLIENT. The LEARNING SPECTRUM shall not use such information in any manner that is inconsistent with 20 U.S.C. 1232g, 34 C.F.R. Part 99 and Ohio Revised Code Section 3319.321.

8. Criminal Records Check. The LEARNING SPECTRUM shall require any service provider performing any services under this Agreement to obtain a criminal background check pursuant to Ohio Revised Code Section 3319.392. The LEARNING SPECTRUM will name CLIENT as an additional insured on this policy of insurance and shall furnish evidence of such insurance to CLIENT upon request.

10. Indemnification. The LEARNING SPECTRUM agrees to indemnify, defend, and hold harmless CLIENT, its members, employees, agents, insurers, and assigns from any and all demands, actions, causes of action, suits of any kind or nature whatsoever, claims, losses, charges, expenses, fees (including attorney fees), costs and judgments that may be asserted against CLIENT, its members, employees, agents, insurers and assigns that result from acts or omissions of the LEARNING SPECTRUM and its service providers, employees, agents, contractors, subcontractors, or assigns. On a motion by Mr. Reeser, seconded by Mrs. Williams, the Board approved the following FY 23 Service Agreements, as presented:

- **NWEA MAP Assessment K-12**
- **Circeville Police Dept. - School Resource Officer**

This Memorandum of Understanding (MOU) is being executed on [DATE] by the below-listed entities:

Circeville City School District
Circeville Police Department

This document will serve as the written agreement between the Circeville City School District and the Circeville Police Department. This agreement establishes the needed commitment and support from both institutions. The document also provides a series of guidelines and policies relevant to the performance of the School Resource Officer, and will be the guiding document officers, school administrators, city administration, and students and their caregivers look to for structure and accountability. This document shall be reviewed, updated, and endorsed annually and takes into account input from all community stakeholders, including caregivers, students, and teachers. Nothing in this MOU should be construed as limiting or impeding the basic spirit of cooperation which exists between the participating entities listed above and all community stakeholders.

I. **Purposes**

This MOU establishes and delineates the mission of the School Resource Officer Program, herein referred to as the SRO Program, as a joint cooperative effort. Additionally, the MOU clarifies roles and expectations and formalizes relationships between the participating entities to foster an efficient and cohesive program that will build a positive relationship between police officers, school staff, and the students, promote a safe and positive learning environment and decrease the number of youths formally referred to the juvenile justice system.

II. **Mission**

The mission of the SRO Program is to promote school safety by building a positive school climate in which everyone feels safe, and students are supported to succeed. The SRO Program also seeks to reduce violent crime committed by and against youth in our community. The SRO Program accomplishes this mission by supporting safe, secure, and orderly learning environments for students, teachers, and staff. SROs will establish a trusting channel of communication with students, parents, and teachers and establish regular feedback opportunities. The role of the SRO is not to enforce school discipline or punish students. SROs will serve as positive role models to instill in students' good moral standards, good judgment and discretion, respect for other students, and a sincere concern for the school community. SROs will provide information on community resources available to students and parents. Goals and objectives are designed to develop and enhance rapport between youth, families, police officers, school administrators, and the community in order to promote overall student achievement and success.

III. **Goals of the SRO Program**

SRO program goals include:

1. To ensure a safe learning environment for all children and adults who enter the building.
2. To prevent and reduce potential harm related to incidents of school violence.
3. To foster a positive school climate based on respect for all children and adults in the school.
4. To create partnerships with behavioral health and other care providers in the community for student and family referral.

This SRO program is unique to the community, based on input from the school administration, teachers, faculty, students, families and community members. The program is designed to fulfill three overall roles:

1) Law Enforcement
2) Fostering Positive School Climate (Crime Prevention)
3) Education

**Law Enforcement Role** – SROs are responsible for the majority of law enforcement activities occurring at the school during school hours but not general student discipline. A determination of whether an activity rises to the level of a law enforcement activity shall be made in consultation with a school administrator. Parents, students, teachers and other school personnel should bring complaints about student misbehavior to the school principal and/or designee, rather than the SRO.

While the enforcement is the role of SROs, alternatives to arrest should be used whenever possible, and arrest of students should be a measure of last resort. The SROs discretion to act remains the same as that of any other police officer.

**Fostering Positive School Climate (Crime Prevention)** – One of the primary roles SROs fulfill is fostering a positive school climate through relationship-building and crime prevention. Officers will engage in various activities, in consultation with school administration, teachers, and students, and should strive to build a school culture of open communication and trust between and among students and adults by focusing on officers getting to know students at the school, serving as a role model, and working with teachers and administrators to identify students who may be facing challenges and need additional resources or attention to be successful in school. Crime prevention activities include foot patrols, monitoring previous crime locations, speaking to teachers about reducing the opportunity for crimes to occur, analyzing possible crime patterns, investigating crimes, and patrolling the parking lots. Officers may also complete security surveys analyzing the physical safety of school property and facilities.
Education - SROs should participate in the school community by becoming a member of the educational team where appropriate, and by representing the law enforcement community to build positive relationships with youth, their families, and school staff.

Whether talking to students in the hallway or delivering a presentation in the classroom, SROs are embedded in the educational fabric within the school. SROs are expected to be proactive in creating and taking advantage of educational situations, and school administrators are encouraged to leverage this resource.

IV. Organizational Structure
A. Composition

The SRO Program will consist of full time/part-time Police Department personnel that are certified Peace Officers for the State of Ohio and meet all requirements as set forth by the Circleville City School District and the Circleville Police Department Rules and Regulations. School officials and the police department shall agree on guidelines for the selection of officers to serve as SROs. The ultimate selection process and appointment of the SRO is completed by the law enforcement agency.

SROs should meet three general criteria:

1) College or degree coursework - SROs are in an educational atmosphere and will be instructing in elementary, middle, and high school classes. To increase credibility in this area a college education would be beneficial and preferred.

2) Experience as a police officer and commitment to student well-being - SROs must have a minimum of two years' experience as a patrol officer, be at least 21 years of age and have extensive experience with juvenile assignments. Experience working with youth and an interest in student success, juvenile justice, child and adolescent development and psychology, and creating a positive school climate are essential.

3) Successful performance – All candidates should have proven performance as reflected by prior performance evaluations. Candidates should be free of significant disciplinary action.

C. Training Requirements

Prior to entering service as an SRO, officers shall complete a minimum of 40 hours of initial training that covers classroom, field, and practical exercises. This training shall include, but not be limited to:

- Child development
- Conflict resolution
- Developmentally informed de-escalation
- Crisis intervention
- School environment
- Mental health and addiction
- Juvenile and education law
- Cultural competency

V. Operational Procedures

A. Chain of Command for SRO’s: The S.R.O. will be immediately accountable to the Circleville Police Department chain of command. However, while at the school, the S.R.O. will be additionally accountable to the principal or their designee. The S.R.O. is expected to cooperate with the school officials, including administration and faculty. The S.R.O. will abide by school policy and respond to the requests of school officials.

The SRO’s activity in the school is guided by the following procedures and supervision and evaluation shall be provided by the superintendent to effectively support SRO efforts and monitor their progress:

A. Duties

The primary functions of the SRO are to help provide a safe and secure learning environment, foster a positive school climate, reduce or prevent crime, serve as an educational resource, and serve as a liaison between the school and the police department/sheriff’s office. Specific daily assignments to accomplish this function will vary by school. The SRO and school principal or designee will meet on a regular basis to discuss plans and strategies to address specific issues or needs that may arise. As required by law, SROs should never be assigned duties within schools in place of or in lieu of a certified teacher.

Basic responsibilities of the SRO will include but not be limited to:

1) To enforce criminal law and protect the students, staff, and public at large against criminal activity.
2) Foster mutually respectful relationships with students and staff to support a positive school climate.
3) Provide information concerning questions about law enforcement topics to students and staff.
4) Provide classroom instruction on a variety of topics including, but not limited to, safety, public relations, occupational training, leadership, and life skills.
5) Coordinate investigative procedures between police and school administrators.
6) Handle initial police reports of violent crimes committed on campus.
7) Take enforcement action on criminal matters when appropriate and after consultation with school administrators.
8) Attend school special events as needed.
9) Prepare lesson plans as necessary for the instruction provided.
10) Collect data on SRO activities (arrests, citations, etc.)
II. Uniform

Normally, the SRO is in uniform.

C. Daily Schedule

To be determined by the commanding officer and the school administrators consistent with the MOU.

D. Absence/Substitution

The school district and police department should develop and agree on a protocol for assigning and assigning substitute SROs when regular SROs are unavailable. Substitute SROs should, at a minimum, have the same requisite experience as regular SROs and, ideally, should have had some training in child development, trauma, and conflict resolution in the school environment.

E. Special Events

To be determined by the commanding officer and the school administrators consistent with this Agreement.

F. Summer Activity

SROs should accomplish as much of the required training as possible during the summer months when school is not in session. SROs may be involved in some summer projects within the school district; however, they will spend the majority of this time on Police Department assignments.

G. Role in Responding to Criminal Activity

One of the roles of SROs, as law enforcement officers, is to engage in traditional criminal investigation and report taking. As a police officer, SROs have the authority to issue warnings, make arrests, and use alternatives to arrest at their discretion. SROs, however, perform their duties mindful of the parties’ common goal of supporting student success. The following procedures will help SROs be as effective as possible in this role:

1) School staff will contact SROs to inform them of all violent or other criminal activity that creates a safety risk that occurs on the school campus. SROs and school officials shall discuss and agree in writing on what levels of violent activity would prompt school officials to notify the SROs. This information will be conveyed to all school staff. In turn, SROs will inform school administration of all criminal activity they observe on the school campus.

2) For any offense on school property, the SRO, working cooperatively with the school administration, will endeavor to avoid arrest and criminal involvement for misdemeanor activity. Certain offenses (e.g., theft, arson, weapons offenses), and any offenses of violence, will normally require the filing of charges in consultation with school officials, but should be evaluated on a case-by-case basis. The SROs’ powers to arrest will be governed by the Ohio Revised Code.

3) The SRO and school officials shall put into place plans, such as de-escalation techniques, conflict resolution, and restorative justice practices, to serve as an alternative to arrest, which will be distributed to school staff.

H. Role in School Policy Violations

SROs are not school disciplinarians and violations of the student code of conduct or school rules that are not criminal matters should always be handled by school faculty and staff, not SROs. SROs should not directly intervene unless the situation directly affects an imminent threat to the health, safety, and security of the student or another person in the school and will employ de-escalation techniques as appropriate. School discipline is the responsibility of the appropriate school administrator and clear guidelines on SRO involvement should be developed and distributed to school staff. The SRO, as a staff member, will report school policy violations through the proper channels to be handled by school administration. It is the responsibility of the SRO to become familiar with the Student Handbook or Student Code of Conduct, but it is not the responsibility of the SRO to enforce the rules in these documents.

I. Data Collection

SROs should submit a monthly activity report to the Superintendent of Schools, and the Chief of Police. The report should include descriptions of all activities engaged in by the SRO, including incidents or calls for service, names of students and/or staff involved, student suspensions, arrests, citations, and summonses issued, and other referrals to the juvenile justice system (contact the Ohio School Resource Officers Association for sample reports). See J. 1. below.

J. Sharing of Information

Communication and information sharing is essential to the success of the SRO program.

1. Sharing of information will be governed by the Ohio Revised Code, the Ohio Administrative Code, Ohio’s Public Records Law, and relevant Circleville Police Department and Circleville City School District policies.

2. The sharing of arrest-related information by the SRO with school administration upon request or at the discretion of the SRO, will involve the dissemination of arrest reports and calls for service filed with the Circleville Police Department or other Police agencies coming into contact with students from Circleville City School District.

3. Juvenile fingerprints and photos as part of the arrest record will not be shared by the SRO.

4. If the SRO is aware of information on a student that is officially obtained by the Circleville City School District, which reflects that the student is in violation of school policies (Student Handbook or Athletic Code), the SRO may forward this information to school administration.
5. If a juvenile is an uncharged suspect in a crime, his/her information will not be released unless authorized by command personnel at the PD.

6. Information which the S.R.O. obtains from school personnel which deals with criminal or possible criminal intelligence will be maintained by the S.R.O. as a criminal justice file. This file may be shared with other Division personnel and Criminal Justice Agencies but will not be part of the student's school record.

7. Hearings or reviews will only be conducted by the Board of Education. It can be used to make intelligence accurate or to validate the need for further investigation.

8. Any information that is obtained by the S.R.O. that pertains to criminal activity occurring outside the limits shall be relayed to the police department of jurisdiction.

9. When any felony occurs or any crime that prompts a Public Information Officer response from the schools or the City or if a school building is evacuated the S.R.O. shall contact his immediate supervisor as soon as possible.

10. The S.R.O. shall have access to any public records maintained by the school to the extent allowed by law. Law enforcement officials may need confidential information in emergency situations based on the seriousness of the threat to someone's health or safety, time sensitivity, and the direct relationship of the information to the emergency.

The following procedures should be followed to facilitate a free flow of information between school officials and the SRO:

K. Role in Locker, Vehicle, Personal, and Other Searches

SROs may participate in a search of a student's person, possessions, locker, vehicle only when there is probable cause to believe that the search will turn up evidence that the student has committed or is committing a criminal offense. SROs will not ask a school employee to conduct a search for law enforcement purposes.

Unless there is a serious and immediate threat to student, teacher, or school safety, the Superintendent of Schools in concert with the building principals shall have final authority in the building.

The SRO may perform searches independent of the school administration only during emergency situations and where criminal activity is suspected.

i. Strip searches of students by SROs are prohibited.

ii. Unless there is a serious and immediate threat to a student, a teacher, or public safety, SROs shall not initiate or participate in other physically invasive searches of a student.

Limits on Interrogations and Arrests

1. Interrogations - SROs may participate in the questioning of a student about conduct that could result in criminal charges only after informing the student of his or her Miranda rights in age-appropriate language and informing the student's parent(s) or guardian(s). Parents/guardians should be allowed sufficient time to arrive at school to be present for interrogation.

2. Arrests - Incidents involving public order offenses, including disorderly conduct, profanity, and fighting that do not involve serious physical injury or a weapon, should be considered school discipline issues to be handled by school officials rather than criminal law issues warranting formal law enforcement intervention.

i. Building principals and the Superintendent or her designate shall be consulted prior to an arrest of a student when possible.

ii. The student's parent(s) or guardian(s) shall be notified of his or her arrest immediately or as soon as practical and in a timely manner.

iii. Unless there is a serious and immediate threat to student, teacher, or public safety, SROs shall not use physical force or restrain on students.

L. Role in Critical Incidents

The SRO will be familiar with the emergency operations manual of the Circleville City School District. During critical incidents occurring when the SRO is present, the SRO will normally act as a liaison between school administration, police personnel, and other emergency resources if practical.

M. Role in Truancy Issues

Truancy will be handled by school personnel. The SRO will not take an active role in the tracking of truants. The SRO will act as a liaison between the school and police personnel should police involvement become necessary due to safety concerns.
VI. School District Responsibilities

The Circleville City School District shall provide the SRO of each campus and any SRO supervisor the following materials and facilities, which are deemed necessary to the performance of the SRO’s duties:

1. Access to a properly lighted private office, which shall contain a telephone, a secure computer and printer, which may be used for general business purposes.
2. A location for files and records which can be properly locked and secured.
3. A desk with drawers, chair, work table, filing cabinet, and office supplies.
4. The opportunity for SROs to address teachers, school administrators and student families about the SRO program, goals, and objectives.
5. The opportunity to provide input regarding criminal justice problems relating to students.
6. The opportunity to address teachers and school administrators about criminal justice problems relating to students during in-service workshops.
8. School staff designee for referrals for counseling and other school-based and/or community based supportive services for students and families.
9. SROs shall respect the sensitive nature of student privacy and shall abide by all applicable confidentiality, privacy policies, and applicable laws.
10. Encourage attendance for secondary Assistant Principals at NASRO Basic SRO training.
11. Provide training to teachers, administrators, staff and SROs about when to directly involve SROs with student misconduct and about available alternatives to arrest.

VII. CRISIS PLANNING

Circleville School District and the City of Circleville Police and Fire Departments will coordinate Crisis Planning and training. Each entity will be involved in updates and the creation of new Crisis Plans. Consistency throughout the district should be adhered to.

Lock down drills shall be included as part of the District’s preparedness plan. Circleville Police Department/Sheriff’s shall be included in the creation of lock down procedures so that first responders are familiar with procedures. Lock down procedures should be trauma-informed and consistent throughout the district.

VIII. Reviewing the MOU and SRO Program

The assigned parties shall review the MOUSRO Program annually and make adjustments as needed. Any revisions will be reflected in an updated MOU.

Complaints against the SRO shall follow the normal complaint process of the Circleville Police Department and include notice to the appropriate school administrators. This process will be made known to parents and students via the website.

IX. PROBLEM RESOLUTION

Unforeseen difficulties or questions will be resolved by negotiation between the Superintendent of Circleville School District and the Circleville Police Department or their designees.

Phase 1: Plan
Since a good beginning predicts a good ending, the Plan work stream is critical to the engagement's success. BFK will begin by facilitating a District Leadership Orientation Meeting. During this two-hour meeting, BFK will review district's expectations, commitment, and conditions for success, clarifying how we will engage and discuss key considerations for the identification of Design Team members.

At the District Leadership Orientation meeting, BFK will also share the Portrait Communication Toolkit, which will include resources the District Leadership Team will need throughout the engagement to keep the Portrait Design Team and broader community aware of overall progress.

Following the District Leadership Orientation meeting and identification of Design Team members, BFK will deliver the Project Charter. Informed by the scope of work and orientation meeting, the charter will outline the Portrait design process, including key decision-makers and stakeholders, key messages, timing, and success criteria.

Throughout the engagement BFK will support the District Leadership Team through virtual check-ins to review the overall strategic direction of the engagement and build the district’s capacity.

*Note: All timelines can shift based on actual start date and ground-level realities.*

Phase 2: Activate
The Portrait design process involves a sustained community conversation leading to shared agreement on a unique community-owned picture of what graduates need for success. While every community and its school system are unique, the proposed four-meeting process below will guide this phase of developing your Portrait of a Graduate.

During the Activate work stream, BFK will facilitate Portrait Design Team Meeting #1. This meeting will orient the Design Team through an overview of the Portrait process. Facilitators will introduce the Design Team member to the tools and resources they will be using along the way, discuss the overarching questions that will be guiding the work, and facilitate an in-depth examination on the landscape shifts that necessitate educational transformation. Following Design Team Meeting #1, Portrait Design Team members will submit their suggested competencies through an online tool.

Phase 3: Create

The Create work stream involves three meetings in which the Portrait Design Team will initiate, design, and develop their desired Portrait.

During **Portrait Design Team Meeting #2**, BFK will facilitate discussion around what competencies young people need to address the changes in society identified in Design Team Meeting #1 and support the district in prioritizing these for the district’s unique local context. Through a series of individual and group activities, the Design Team will begin to identify competencies for their Portrait.

The focus of **Portrait Design Team Meeting #3** is converging on a set of Portrait competencies and contextualizing competency descriptions. Design Team members will also share their creative inspiration to inform the graphic design of their Portrait visual.

During **Portrait Design Team Meeting #4**, BFK will present a draft designed Portrait with competencies and description statements. District Leadership will share any community feedback to augment the important work of the Portrait Design Team and to assist the team in finalizing the Portrait. The Design Team will discuss—through an activity facilitated by BFK—how to implement their Portrait and identify what success looks like.

Phase 4: Adopt

The Adopt work stream culminates the district’s efforts and moves the Portrait into implementation success. Once the Portrait Design Team has completed their work, BFK will provide a Portrait Summary Report which will help the district in documenting roles involved and capturing the process, outcomes, landscape shifts results, any community feedback results, and next steps for successful implementation.

To finalize the engagement, BFK will facilitate a **District Leadership Team Portrait Process Close Out**. During this meeting BFK will prepare the District Leadership Team for next steps (e.g., board approval) and considerations for how to align the district’s strategic priorities to the Portrait of the Graduate.

- **Leadership Excelleration - Leadership Team Development**

Thank you for the opportunity to share a proposal for Team Development for the 2022 - 2023 School Year with Cincinellie City Schools. Based on the project, this proposal includes the following:

- Recommended Approach
- Proposed Timeline
- Investment
- Project Terms and Conditions
- Acceptance
- About BFK

RECOMMENDED APPROACH
Cincinellie City School District (CCSD) serves the Pickaway County seat of Cincinellie, a city of 13,314 located 20 miles south of Columbus, Ohio. CCSD operates within a PK-12 public school setting and is made up of over 250 educators and 2,200 students that represent their Tiger Family.
RECOMMENDED APPROACH
Circleville City School District (CCSD) serves the Pickaway County seat of Circleville, a city of 13,314 located 25 miles south of Columbus, Ohio. CCSD operates within a PK-12 public school setting and is made up of over 250 educators and 2,200 students that represent their Tiger Family.

Circleville City Schools stands firm in its efforts to develop the students of tomorrow through academic innovation and advancement, community and parent engagement, and student success. Their charge as educators, and as a community, lies in their combined efforts to provide Circleville with a local platform for each child to grow on a daily basis. The mission of Circleville City Schools lies in “maximizing the achievement of each student in a safe environment.”

Currently, there is an opportunity to continue to partner with CCSD for the development of the next-level leaders, the Leadership Team, and new leaders in the district.

The Team Development for the 2022 - 2023 school year includes:

Onboarding
- Facilitation of six (6) ninety-minute onboarding sessions, biweekly for twelve (12) weeks for 6 new leaders at Circleville City School District.
- Assessments include: Strengths Based Leadership and DSIC Work of Leaders Profile.

Culture Development
Culture Development starts with the administration of an Organizational Culture Survey. This survey is administered to a representative group of 101-200. The online survey is designed to measure the underlying beliefs, values, and assumptions that are held by members of a district, as well as the practices and behaviors that exemplify and reinforce them. The survey focuses on the aspects of the culture that have a direct link to district performance. Following the completion of the survey, we develop a Summary Report to share the results with the Superintendent. The Summary Report shares the Culture Model, Mission, Consistency, Involvement, and Adaptability, for an overall picture of the culture of the district.

Bringing the team together, we facilitate four (4) half-day Culture sessions utilizing the results from the Organizational Culture Survey. The Culture Development Model provides districts with an easy-to-interpret, education-friendly approach to performance improvement based on sound research principles and results.

The Culture Development approach includes:
- Administration of an Organizational Culture Survey to a representative group of 101 – 200.
- Aggregate Summary Report development and meeting to share the results with the Superintendent.
- Facilitation of four (4) four-hour sessions utilizing the results from the Organizational Culture Survey.
- Four (4) one-hour individual coaching sessions following each of the four (4) half-day sessions for ten (10) leaders. Individual Coaching accelerates development of the team and enhances individual leadership effectiveness. Sessions include preparation, meeting, follow-up tools and strategies needed for effectiveness.

Project Support
- Monthly updates with K. Halley to update on the overall progress of the project, for 10 months.
- Project Administration of overall project support, communication, scheduling, administration of assessments and coordination of all materials.
- Travel includes mileage and gas.
