PORTRET TO PRACTICE ACCELERATION

It is with pleasure that Battelle for Kids (BFK) offer this proposal to Circleville City Schools to accelerate their community vision represented by their Portrait of a Graduate. To accelerate this work, BFK proposes to work with Circleville City Schools from November 2022 through June 30, 2023, to provide on-site leadership and coaching to build the capacity of Circleville educators, principals and leaders for the shifts in leadership, instruction and assessment practices that transition the Portrait vision to practice and student success.

To do this, BFK proposes Jacque Burke, Senior Director, to lead this on-site work with Circleville leadership. As a Senior Director, Jacqueline is committed to helping educators explore the intersection of deep learning and the needs of the whole child. She is particularly skilled at facilitating collaborative conversations and professional learning with small and large audiences as they re-think designing and measuring opportunities that combine rigorous academic standards and 21st century skills, knowledge, and dispositions to ensure all students are future ready.

Jacqueline has more than 25 years of education experience, including teaching, school, and district administration roles, as well as regional state-level experience. She has an extensive background in assessment and using data to inform and improve teaching and learning.

Over the years, Jacqueline has worked closely with the Ohio Department of Education (ODE) and school districts in Ohio and across the country. She led BFK's work in collaboration with ODE to guide educators in understanding and interpreting, analyzing, and using data from a variety of sources, and she played a significant role in the design and delivery of assessment literacy professional learning across the state of Ohio. She also led work with educators to build understanding around measures of student growth and headed the Ohio Arts Assessment Collaborative to guide teachers in collaborating to measure student growth in the arts.
