PRESCHOOL IMMUNIZATION REQUIREMENTS

Ohio State Law requires that the following immunizations be obtained for school enrollment. Students who do not have the required immunizations will be excluded from school per Ohio State Law until such record is provided. You must bring an immunization record with the month/date/year for each of the shots below to preschool registration in order to complete enrollment requirements.

Please contact your family physician or the Pickaway County Health Department at (740) 477-9667 to arrange for your child to receive an update on his/her immunizations. The health department might be able to provide vaccinations to your child for a minimal amount or on a sliding fee scale. You must call the Health Department at (740) 477-9667 to make an appointment. A parent (or legal guardian) and a copy of the child’s current immunization record must accompany the child to the Health Department. If you have any questions concerning your child’s immunizations, please contact the District School Nurse’s office at (740) 474-2345, ext. 47048 or the Health Department at (740) 477-9667.

In closing, if your child has any serious medical concerns (i.e. seizures, diabetes, hemophilia, heart condition, etc.) or will require medication during school hours, please contact the District School Nurse’s office at (740) 474-2495, ext. 49099 before the start of school and list this information on the Emergency Medical Form. There are certain permission forms that will need to be completed and it may be necessary to create a care plan to ensure your child’s health at school. Please remember that student health information will be shared with school personnel unless you request otherwise. In addition, all preschoolers will receive a vision and hearing screening in the fall as part of our school health program. We look forward to meeting your child in the fall!

Thank you,
