April 13, 2013

The kindergarten students of Atwater Elementary along with their grandparents celebrated Grandparents day this week. It is great to see our students performing and interacting with their grandparents. The children are always very excited to share their year long memories with their special guests. I want to commend Mr. Brad Changet, principal, and his entire kindergarten staff for making this day and every day special to our young learners.

I had the wonderful opportunity this week to visit "Science Day" hosted by Extra Mile at Everts Middle School. I was impressed with the leadership skills of the middle school students as they led the elementary children through learning labs. I heard one student say, *"This is the best day of my life!"* It was great to see parents and families as well as some of our CCS staff attend the event. Congratulations to the Extra Mile staff for all of their hard work planning an engaging science program.

The Circleville Tiger community lost a dear friend and loyal supporter last week. Edward "Yock" Strawser, father of Everts MS Assistant Principal Tim Strawser and father-in-law to Edie Strawser, Milestone aide, passed away on April 3rd. Yock was an avid supporter of all Tiger athletic activities. He was often seen sitting in his chair at the end of the court during basketball games or sitting in the end zone at football games. Yock will be missed by all of us but his memory will live on.

As always, if you have questions on any district issues, please give me a call.

Go Tigers!
