

Superintendent's Corner

Kirk McMahon
Superintendent

August 31, 2013

It brings me great pleasure to announce that beginning this school year our school district will have a Resource Officer. Circleville Police Officer, Chris Hempstead will serve in the role as our Resource Officer this year. The City of Circleville and the Circleville Police Department were able to fund this service for the students and families of our community. We are very fortunate to have had Chief Wayne Gray, Safety Director Tom Hamman, Mayor Don McIlroy, and the entire city council committed to the safety and well-being of our students and our community. The staff, students, administration, and board of education thank the city officials for assisting us in our mission to keep our students safe at school.

I want to thank those of you who contribute to the strength, prosperity, and well-being of our country as American workers. On Monday, September 2, we will celebrate you! Also, Labor Day marks the unofficial end to a spectacular summer. All of our schools and offices will be closed on Monday in observance of Labor Day.

As always, if you have any questions on any district issues, please give me a call.

Go Tigers!
