

# Superintendent's Corner

Kirk McMahon  
Superintendent

January 26, 2013

I would like to congratulate our newest inductees into the CHS Athletic Hall of Fame: Sara Hildenbrand, Steve Dade, David Bass, and George Moore. Each of these CHS graduates completed stellar athletic and academic careers during their time as a CHS student/athlete. I welcome them into a distinguished fraternity of other proud Tigers!

Each winter the infamous flu season hits our staff and students, and probably many of you. This nasty flu has been with me since New Year's Eve. For those of you who have children in the CCS, I would encourage you to listen to your child and allow them to stay at home if they are experiencing chills and/or a fever. As I understand, the most common method of transmitting the virus is through direct contact with an infected person. Children who have a fever are more likely to infect their classmates and teachers than any other group. Although I expect our students to attend school each and every day, I realize there may be times when they are better off to stay at home and recover.

As always, if you have questions on any district issues, please give me a call.

***Go Tigers!***
