

Superintendent's Corner

Kirk McMahon
Superintendent

July 27, 2013

Believe it or not, the fall sports season is just around the corner. I know that our coaches, principals and athletic director have reminded all prospective fall sport athletes at Everts MS and Circleville HS to obtain an official physical prior to the start of any practices. Most of our fall sports begin official practice on Monday, August 5th with the exception of high school football which begins on Thursday, August 1st. The official Ohio High School Athletic Association (OHSAA) Preparticipation Physical Evaluation form must be completed by a licensed physician prior to any CCS student-athlete participating in tryouts or practice. You may obtain the official OHSAA form by visiting our website at www.circlevillecityschools.org and clicking on the "Navigation" link titled District Forms.

Beginning next week in this Corner, I will be addressing rumors and misinformation regarding the progress of our construction project. If you have any questions you would like answered, please email me at kirk.mcmahon@cvcisd.com and I will answer any appropriate questions.

I would like to honor and recognize the recent retirees of the CCS. Collectively the 15 retirees have served children in the CCS and beyond for over 450 years. I would like to thank each of our retirees for their time, commitment and devotion to the community of Circleville and beyond.

As always, if you have any questions on any district issues, please give me a call.

Go Tigers!
