

Superintendent's Corner

Kirk McMahon
Superintendent

June 1, 2013

The school is now over but the opportunity for extended learning begins next week. Our summer school begins on Monday, June 3rd and continues until Friday, June 21st. This year grades 6-12 summer school is being held at Everts MS and kindergarten through 5th grade reports to Court Street Intermediate. To avoid the heat, we are holding these sessions only in the afternoon.

Summer School for teachers has already begun. Our Tiger Academy, the initiative started last year by curriculum director, Lisa Heins has been a hit. Instead of sending our teachers to workshops all over central Ohio, we have our very own teachers instructing their colleagues. We have been able to provide first-class, targeted professional development opportunities for our staff. We are able to offer continuing education credits and college credit from Ashland University for attendance and submission of work at the conclusion of the course.

I would like to encourage our students to do three things every day this summer: READ, get outside and do some kind of physical activity, and Draw. If you do these three things, you will come back in August more rested, smarter and more creative!

As always, if you have any questions on any district issues, please give me a call.

Go Tigers!
