

# Superintendent's Corner

Kirk McMahon  
Superintendent

June 15, 2013

Trucco Construction began work this week on the new Middle School entrance and drive located adjacent to Maumee Drive and just west of the current tennis courts. For those of you who frequent the CHS track for summer workouts, please park in the parking lots closest to the school and walk down to the stadium. The roadway to the stadium entrance will be temporarily closed until the paving is complete on the drive. Once the paving is complete, you will be able to access the west end of the stadium by the new Middle School drive.

I would like to extend my well wishes to all of you who are fathers on this Father's Day weekend. Your child may not always express his true feelings and appreciation for your love and guidance but please know that you are all appreciated. Have a great Father's Day celebration!

As always, if you have any questions on any district issues, please give me a call.

***Go Tigers!***
