

Superintendent's Corner

Kirk McMahon
Superintendent

May 11, 2013

The end of another school year is quickly approaching. Our staff and students have recently put all of the state required and end of year course exams behind them and are looking forward to celebrating their students' achievements. Below you will find a list of celebrations or award assemblies to recognize our students. Please feel free to attend and share in our excitement with each group of students.

Tomorrow is a very special day in all of our lives. I would like to wish all of you MOTHERS a Happy Mother's day tomorrow. I know that it takes a village to raise a child but it is the guidance, love and wisdom from a mother that shapes the child into a successful adult. I honor all the mothers who give of themselves everyday so their children and our world is a better place!
