

Superintendent's Corner

Kirk McMahon
Superintendent

November 23, 2013

I have been asked by numerous people the question, "Is the high school going to be ready to open in January?" My short answer is always yes. Now, I would like to give my long answer. Every day we have over 75 tradesmen in our new high school working diligently to finish the project. We have several members of our construction management firm, Lend Lease, working weekends supervising those workers to make sure that we open our doors on Wednesday, January 8, 2014. I am so impressed with the level of care and professionalism these dedicated workers have had on our project. They are all to be commended.

We begin our winter sports season tonight with a home girls' basketball game against London High School. I would like to encourage you to come out and support all of our basketball players, cheerleaders, bowlers, swimmers, and wrestlers this winter. And, be sure to mark your calendar for Saturday, December 28th so you can attend the last basketball game to be played in the current CHS gymnasium. The first of five games vs. the Westfall Mustangs begin at 1:00 pm.

Please remember to reflect on all of the things you and your family have to be thankful for during this holiday season. I wish all of you a safe and Happy Thanksgiving.

All of the schools and District Office will be closed November 28th through December 2nd in observance of Thanksgiving. As always, if you have any questions on any district issues, please give me a call.

Go Tigers!
