

Superintendent's Corner

Kirk McMahon
Superintendent

October 19, 2013

Each year the Circleville City Schools welcomes two student board members on the board of education. This year the school board is pleased to have Samantha Stevens and Jonathan Snow serve alongside of them. These students also serve on the board of directors for the Circleville City School Foundation. All of the former student board members have either graduated from an institution of higher learning or are currently enrolled in a degree granting program. Serving on these two boards has provided the students opportunities to develop their public speaking and problem solving skills.

I was invited to Atwater by Mrs. Cathy Johnson to read aloud to her students. Mrs. Johnson asked me to read the book, *Pumpkin Town* to her students. I found the book to be entertaining, age appropriate and timely as this is Pumpkin Show week. I want to thank Mrs. Johnson and her students for their thoughtfulness in asking me to visit with them.

I hope you are having a great time at the Pumpkin Show. Please remember that all offices and schools will re-open on Monday, October 21, at the regular time.

Go Tigers!
