

# Superintendent's Corner

Kirk McMahon  
Superintendent

October 26, 2013

On Saturday, September 28<sup>th</sup> we held a public auction for loose furnishings at Circleville High School. I was very pleased with the response from the community and beyond. Over 100 interested individuals attended and were able to purchase a piece of history. When all sales have been completed for the auction and sale of the contents, we hope to receive \$40,000 - \$50,000. The board of education approved at the October meeting to allocate that money toward the construction of additional facility improvements including athletics. The area of the building where we received the most money was the gymnasium. Approximately \$22,000 was purchased on items in the gymnasium. Skip and Mary Moats were the highest bidders on the "TIGERS" gym floor logo. Their sons, Kyle, Nathan and Ryan have been or currently are contributing members of the CHS basketball team.

As always, if you have any questions on any district issues, please give me a call.

***Go Tigers!***
