Each year at our opening convocation for staff, we recognize these groups of employees: those who achieved perfect attendance the previous year; those who have earned Master Teacher status; and teachers who are beginning their 30<sup>th</sup> year in education. Perfect attendance means **perfect!** The sixteen employees listed below were present at work each and every day for the entire year. Many of these individuals have several years of perfect attendance to their credit. This year we recognized eleven teachers who obtained Master Teacher status by completing a rigorous nationally recognized program (see names and picture below). Finally, we are pleased to have presented five teachers their Golden Apple Award. This award is given in recognition of 30 years of service in education.
